104th Annual Meeting

2nd-4th July 2024

A vibrant, stylized illustration of a Manchester cityscape. In the foreground, a canal with several narrowboats is visible. The background features a prominent clock tower, a large arched glass structure, and various trees with autumn foliage in shades of red, orange, and green. The sky is a mix of light blue and white clouds.

#BAD2024

10th International Congress, Thursday 5th - Saturday 7th Psoriasis: from Gene to Clinic December 2024

Queen Elizabeth II Centre, London, UK

KEY DATES

Abstract deadline
2nd August 2024

Early Registration
deadline
9th September 2024

We are delighted to announce that registration is now open for the Psoriasis: from Gene to Clinic Congress and the programme is live. The Congress will be held in-person from Thursday 5th December - Saturday 7th December 2024 at the Queen Elizabeth II Centre, London, UK.

Psoriasis: from Gene to Clinic is the premier global meeting addressing this important long-term skin condition which in 2014 was recognised by the World Health Organization as 'a serious noncommunicable disease'. Our understanding of the biology of psoriasis has led to a revolution in targeted therapies and patient outcomes. But many issues remain to be tackled to ensure that care is optimised for all and we can move from disease treatment to prevention. Such issues include impact of diversity, lifestyle and interpersonal variation in disease causes and response to medicines.

Psoriasis: from Gene to Clinic is designed to provide a forum for experts from around the world to present and discuss cutting edge issues relating to the science of psoriasis and its clinical management. Clinicians, scientists and members of the biotechnology and pharmaceutical industries will benefit significantly from the scientific programme featuring invited lectures and free communications submitted by attending individuals which also provides ample timing for scientific exchanges. The gala evening at the iconic Natural History Museum will allow for informal exchanges and perhaps help establish new collaborations and ideas.

We look forward to welcoming you to the Congress.

Acknowledgements

The British Association of Dermatologists gratefully acknowledges the contribution of the many Companies whose attendance has helped make the meeting possible.

A Warm Welcome to Manchester 2024

Dear Colleagues,

It is a great pleasure for me to Chair the Organising Committee of the 104th Annual Meeting of the British Association of Dermatologists.

We are delighted to be returning to Manchester for the first time since 2015. The Manchester Central venue will be familiar to many of you and offers the space, facilities, and city centre location to ensure we can deliver another successful annual meeting. It had been the planned venue for our COVID hit 100th meeting in 2020, we hope to incorporate some of those planned celebrations at the Tuesday BADfest event.

The BAD Officers and the BAD Conference & Events committee have taken on board the positive feedback from the 2022 and 2023 meetings and would like to offer all physical attendees the opportunity to access all of the conference content after the meeting. There will also be a virtual registration option (to view post-live content after the in-person meeting) for those attendees unable to join us live in Manchester. We do of course hope that as many of you as possible can attend in person in July 2024 and we look forward to seeing you all. Registration is open. Please sign up prior to the pre-registration close date on June 10th.

Please check the BAD Annual Meeting website to keep up to date with the keynote lecturer announcements, programme details and sponsoring companies. We hope that you will all enjoy the excellent programme we have planned and that you benefit from this hybrid approach, as our Annual Meeting evolves for our ever-changing times.

Scientific Programme

The format of the conference will be very similar to the 2023 meeting, focussed around the traditional Tuesday – Thursday format, so be sure to join us on 2nd – 4th July 2024. All content will be captured and available on demand for 6 months after the event.

This year we are delighted to welcome the Association of Cancer Physicians as our guest society; they will include an update on melanoma management from a medical oncology perspective.

In addition to the daily Plenary sessions, we have the CPC session (Tuesday), the ever-popular Medical Dermatology session (Wednesday), scientific session (Thursday), concluding with our Rook Orator for 2024, Dr David de Berker.

As always there are plenty of other sessions and brilliant talks taking place in the Special Interest Group sessions, Hot Topics, and Sponsored Symposia. Be sure to read through the announcements for details and pre-register to avoid delays upon arrival. Please be sure to visit the stands within the exhibition hall, where you will also find the catering, the wellbeing area and the two dedicated session rooms (for Hot Topics and Lunchtime Symposia).

Our pre-conference sessions will be available on Monday 1 July, including the Trainee session, DermSchool, Specialty & Associate Specialist doctors' session, BSD Self-Assessment session and Leadership Course for Consultants.

We look forward to seeing you at (a very special) BADfest 2024! Every year for the BAD Annual Meeting we try to create an environment where you can meet old colleagues and make new connections, and this year will be a special one. Please join us on Tuesday 2 July in the Manchester Central venue for a 1920s themed BADfest. There will be a nominal fee to attend BADfest this year, and the entry needs to be booked - please ensure you sign up for it during your registration process and take your badges with you to enter. Dressing on theme is not obligatory but encouraged!

Along with the whole BAD team, I look forward to offering a warm welcome to all UK and International delegates. I hope you enjoy the meeting!

Dr Chris Bower
Clinical Vice President (2023-2025)

ACCOMMODATION

ArrangeMy is the official accommodation provider for the 2024 BAD Annual Meeting. To book accommodation for this event, please visit: <https://badannualmeeting.co.uk/accommodation/>

APP

Search for BAD2024 in your app store and download the conference app.

The app will provide the following features

- Review agenda and speakers
- View abstracts and e-posters
- View sponsors and exhibitors

BADGES

Conference badges will be handed to delegates on registration. For security purposes name badges must be worn at all times throughout the meeting. If you lose your badge, a replacement must be obtained at the registration desk.

The RFID badges will enable delegates to touch into sessions for CPD recording.

In addition, some of the exhibiting companies may ask you to tap in at their stand or symposium. Please be aware that by doing this you will be providing your email details and may receive one automatic email from them.

The email address they receive will be the one that you specifically indicated in the appropriate section on the registration system.

BUSINESS SERVICES

Please visit the concierge desk in the Manchester Central Foyer.

CATERING

Lunch and all scheduled refreshment breaks will be served from designated points in the Exhibition Hall.

CERTIFICATE OF ATTENDANCE

Certificates of attendance will be sent to your registered email address. They will provide a CPD breakdown of the sessions you have attended.

Please don't forget to tap into sessions.

CLOAKROOM

The cloakroom is located in the Manchester Central Foyer. It is free, but there is an optional charity donation.

CONTINUING PROFESSIONAL

DEVELOPMENT CREDITS (CPD)

This event is approved for external credit for the CPD scheme of the Federation of Royal Colleges of Physicians of the UK. Please tap your badge at the terminals on entry into the session to receive a CPD breakdown on your certificate to be received post meeting. Physicians should record their credits in their diaries, in accordance with the current RCP recommendations. The post event virtual platform will launch on Friday 19th July, and we are applying for CPD accreditation for up to 6 months

EXHIBITION

The exhibition will be located in Central Hall 2 of the Manchester Central venue and will be open at the following times:

Tuesday 2 July: 10:00 – 17:00

Wednesday 3 July: 08:30 – 17:00

Thursday 4 July: 08:30 – 14:00

FIRST AID

First aid support is available onsite; please ask an MCCC steward who will be able to assist you.

PARKING

There are 643 parking spaces available in the on-site Manchester Central Centre car park, with accessible bays and electric charging points on every floor.

<https://www.ncp.co.uk/find-a-car-park/car-parks/manchester-central/>

PARENT AND BABY FACILITIES

Baby Change and Feeding facilities will be available in Exchange Organiser 1. Please ask an MCCC steward who will be able to assist you. In here you will be able to view the main plenary session.

PAYMENT OF REGISTRATION FEES

We would prefer people to pay by credit card at the point of registration. Please note that we only accept MasterCard and Visa. American Express cannot be accepted. Cheques cannot be accepted in any currency other than UK Sterling.

POSTER EXHIBITION

The poster exhibition will be located within Central 5, 6, & 7. The E-posters will be numbered, and a list is provided at the back of this programme.

PSG QUIZ

The PSG quiz will be part of the live event app. To participate in the quiz, delegates must visit each participating PSG and answer a simple question. The quiz will close on Thursday 4 June at 17:00. The prizes will be announced after the meeting.

REGISTRATION DESK

The registration desk will be in the Main Entrance and will be staffed by the BAD team during the following hours:

Monday 1 July	09:00 – 18:00

TAXIS

Manchester Central work with Manchester's black cab drivers to make sure they know when the venue will be busy.

There is a dedicated taxi rank at the front of the venue for pick-ups and drop offs. Black cab taxis are readily available at Manchester Airport and both Piccadilly and Victoria train stations.

TRANSPORT

<https://www.manchestercentral.co.uk/getting-here>

CATCH THE TRAIN

It takes a little over two hours to reach Manchester from London and Manchester also has direct connections to most major UK cities. Services arrive at Piccadilly or Victoria stations where passengers can connect with Metrolink trams for easy access to the city centre. Manchester Central is a 20-minute walk from Piccadilly Station or just five minutes by taxi. Alternatively, catch a connecting train to Oxford Road Station – just five minutes from Manchester Central on foot.

FLY TO MANCHESTER

Manchester Airport is a major international hub just nine miles (14.5km) away from the city centre. It serves more than 200 destinations worldwide including direct routes to nine US cities. From the airport, the city is approximately 25 minutes away by taxi or just 20 minutes via the half-hourly express rail service (tickets £3.00 - £4.00)

COME BY CAR

Manchester is at the heart of a comprehensive motorway network. Manchester's M60 orbital motorway provides easy access from north, south, east, and west.

If using a satellite navigation system – please follow the postcode M2 3GX.

There is a National Car Park directly below Manchester Central that is open 24 hours a day all year round.

Social Events

SAS Dinner

Monday 1 July, Don Giovanni
18:30 – 22:00

SAS doctors are invited to an informal dinner on Monday evening. Don Giovanni's is Manchester's oldest independently- owned Italian restaurant. Adjacent to St Peter's Square, Don Giovanni sits in the heart of Manchester City Centre which is only a 3-minute walk from the conference venue.

This a pre-booked event for SAS pre-conference session attendees only.

DermSchool and Trainee Evening Event

Monday 1 July, Revolucion de Cuba
18:00 – 21:00

The DermSchool and trainee evening event is a great opportunity to meet with colleagues and network in a relaxed and informal setting. The authentic Cuban bar is located on Peter Street only a 3-minute walk from the conference venue.

BADfest

Tuesday 2 July, Manchester Central Convention Complex
18:30 - 22:00

A 1920s Themed evening of Networking, Food and Entertainment. We hope this will be a perfect opportunity to relax, catch up with old acquaintances and form new friendships. Featuring food, music, drinks, and a belated BAD centenary celebration.

Please note that there will be a £10 fee for all delegates attending.

BSDS Dinner

Tuesday 2 July, Midland Hotel
19:30 - 23:00

The British Society for Dermatological Surgery will hold a drinks reception followed by a fine dining meal at one of Manchester's most-loved icons, The Midland Hotel. The hotel is located on Peter Street in the centre of Manchester and is only a short walk away from the conference venue. Tickets can be purchased when registering for the conference. The preferred dress code is black tie.

Ticket cost: £65.00 (reduced cost for trainees: £30.00)

BSMD Curry night

Wednesday 3 July, Asha's restaurant
19:30 - 22:00

The British Society for Medical Dermatology are hosting a curry night at Asha's an award-winning dining experience in the vibrant heart of the UK's capital of curry. The restaurant is located opposite the conference venue.

This is a pre-booked event and tickets cost £20.00. Places are limited.

Programme

- 08:30 - 08:35** Welcome & Introduction
- 08:35 - 08:40** BI01 Intralesional triamcinolone acetonide and antiretroviral therapies: a lesser considered drug interaction
Nicole Fagan and Aisling Ryan
- 08:40 - 08:45** BI02 Severe photosensitivity complicating anti-PDL1 checkpoint inhibitor treatment: an emerging immunotherapy-related skin toxicity
Majeeda Patel, Jeva Cernova and Catherine Harwood
- 08:45- 08:50** BI03 The presence of VEXAS-related *UBA1* mutation in a patient with myelodysplastic syndrome
Evangelia Vetsiou, Arvinth Sekaran, Sarah McDonald, Charles Crawley and Andre Khoo
- 08:50 - 08:55** BI04 Erupting and spontaneously vanishing moles in a new cohort of patients on BRAF-inhibitor monotherapy
Subothini Sara Selvendran, Jeva Cernova and Catherine Harwood
- 08:55 - 09:00** BI05 Successful treatment with upadacitinib for severe atopic dermatitis in a patient with primary immunodeficiency (CARD11)
Mishal Iqbal, Daniel O'Driscoll and Michael Ardern-Jones
- 09:00 - 09:05** Discussion time
- 09:05- 09:12** BI06 The rising incidence of post-transplant Kaposi sarcoma in organ transplant recipients in a single-centre cohort: should we be routinely screening? (P063)
Jeva Cernova, Rebeca Goiriz, Maria-Teresa Cutino-Moguel, George Greenhall, Anna Riddell, Raj Thuraisingham and Catherine Harwood
- 09:12 - 09:19** BI07 Understanding the landscape of Kaposi sarcoma hospitalizations in the USA: demographic associations stratified by AIDS/HIV status
Roy Mendoza, Norma Espinoza, Jessica Saoub, Leslie Kieron and Shaokui Ge
- 09:19 - 09.26** BI08 Delivery of stratified skin cancer surveillance in solid-organ transplant recipients: development of a consensus statement on behalf of the British Society for Skin Care in Immunosuppressed Individuals
Mhairi Duncan, Farrah Bakr, Rubeta Matin, Ferina Ismail, Conal Perrett, Charlotte Proby, Catherine Harwood and Tanya Basu

09:26 – 09:30		Discussion Time
09:30 – 10:15	BIGL	Invited Talk When to call the haematologist Dr Tanya Basu (London)
10:15 – 10:45	Break	Exhibition Hall
10:45– 10:52	BI09	Skin cancer burden and dermatological follow-up in solid-organ transplant recipients: a regional study Georgia Gilbert, Girish Gupta and Ruth Jones
10:52 – 10:59	BI10	Nonmelanoma skin cancers and immunosuppression: identifying keratinous red flags William Tuckwell, Ruth Omenyo, Nitya Malladi and Girish Patel
10:59– 11:06	BI11 (P052)	How should we be identifying high-risk cutaneous squamous cell carcinoma in the UK? A dual-centre retrospective cohort study Emilia Peleva, Ling Li, Sharanpal Jeetle, Eleni Ieremia, Zoe Venables, Rakesh Anand, Li Ling Choo, Abirami Ganesh Kumar, Rebecca Lumley, Chaerin Im, Anna Nielsen-Scott, Rubeta Matin and Catherine Harwood
11:06 – 11:13	BI12	How should we manage transplant recipients after a first cutaneous squamous cell carcinoma? An update from the UK COAST (Contemporary Outcomes After cutaneous SCC in Transplant recipients) study Emilia Peleva, Tom Crisp, Jeva Cernova, Khizr Nawab, Maria Angela Gauci, Jonathan Gamble, Buddhika Wijayawickrama, Rabiah Ahmed, Jim Moriarty, Rubeta Martin, Rachel Abbott, Amrit Darvey, Faridah Shah, Charles Archer, Nina Muirhead, Alex Owen, Nitin Bhandary, Harry Wakefield, Adarsh Babu, Elizabeth Wallin, Adnan Sharif, Sian Griffin, Raj Thuraisingham, Pippa Bailey, Catherine Harwood and Matthew J. Bottomley
11:13 – 11: 18		Discussion Time
11:18 – 11:25	BI13 (P065)	Attitudes and practices of patients with inflammatory bowel disease towards skin cancer risk and sun protection Maeve Herlihy, Eve Blake and Garry Courtney
11:25 – 11:32	BI14	Nicotinamide prescribing for skin cancer chemoprevention: the Irish experience Claire Quigley, Geoffrey Hanley and Fergal Moloney
11:32– 11:39	BI15 (P048)	Immunosuppression and vaccination: a cross-specialty survey on current practices Chris Puo Nen Lim, Akash Maliampurakal, Jayne Saunders, Elaine Paton and Angela Drummond
11:39 – 11:46	BI16	Real-life experience using topical nitrogen mustard gel in the treatment of stage IA–IVA2 mycosis fungoides: a single-centre experience of 66 patients Farrah Bakr, Rita Entsua Mensah, Claire Lusted, Fiona Child, Bjorn Thomas, Sean Whittaker, Stephen Morris, Van Sim and Mary Wain
11:46–11:53	BI17	Impact of an annual multidisciplinary clinic on patient care and experience in cutaneous T-cell lymphoma Huw Greenish, Harry Heath Rainy Marsh, Michelle Furtado, Giles Dunnill and Claire Bailey
11.53 – 12:00		Discussion Time
12:00 – 12:25		AGM All BSSCII members most welcome and invited to contribute

Posters

- BI18** The management of vulval intraepithelial neoplasia in immunosuppressed women: outcome and recommendations from a multidisciplinary vulval clinic
Radhika Bali, Jenny Chung, Caroline English, Jacqueline McDermott, Helen Staley, Sapna Harish, Charlotte Cohen, Elaine Palmer, Claire Fuller, John Butler and Randa Akel
- BI19** SCAR: more than just a mark on the skin
Emma Carroll, Marion Leahy and Eilis Nic Dhonncha
- BI20** A fatal case of disseminated cutaneous *Mycobacterium chelonae* infection in an immunocompromised patient
Karolina Kerkemeyer, Aparna Vyas, Stephen Walker and William Rickaby
- BI21** Lues maligna mimicking pyoderma gangrenosum and cutaneous lymphoma
Ning McKenzie, Matthew Hickey, Carlo De la Sancha, Sarah Coates and Kieron Leslie
- BI22** A UK multicentre prospective study on the awareness and impact of azathioprine as a major risk factor for developing skin cancer in patients with inflammatory bowel disease: patient and clinician perspectives
Alla Altayeb, Sara Lupita O'Kelly, Lucy Howard, Eleanor M Deane, Philippa Walker-Smith and Andrew Birnie

- BI24** Documentation of vaccination status in healthcare records for patients who attended dermatology systemic clinic
Ji Fung Yong, Orla McFeely, Laoise Griffin, Anita Cozman, Emmet Cummins, Michael O'Connell, Alana Durack and Lyndsey Paul
- BI25** Crusted scabies in a patient with Down syndrome on risankizumab: a complex interaction of biologics, neurological background and immunodeficiency in psoriasis management
Dalvir Singh Bajwa, Pooja Jassal-Prior and Nick Reynolds
- BI26** HIV-associated sarcoidosis as a manifestation of immune reconstitution inflammatory syndrome
Sophie Diong, Pranav Gnanamoorthy, Michéal O'Rourke, Joanne Byrne, Colm Bergin, Mairin McMenamin and Bairbre Wynne
- BI27** New-onset hidradenitis suppurativa secondary to combination therapy with programmed cell death ligand (PDL)-1 inhibitor atezolizumab and vascular endothelial growth factor inhibitor bevacizumab
Nicole Fagan, Liana Victory, Emily Pender, Brian Kirby and Ali Alsharqi
- BI28** Invasive streptococcal infection in a patient with HIV
Sophie Diong, Michéal O'Rourke, Colm Bergin, Niamh Leonard, Bairbre Wynne and Patrick Ormond
- BI29** Mycosis fungoides presenting in a patient with *NFKB1* haploinsufficiency-associated common variable immunodeficiency
Kieran Carty, Gerard Crotty and Kevin Molloy
- BI30** An extensive follicular eruption in a transplant recipient
Sid Orpin and Bhavnisha Patel

- BI31** Pembrolizumab-induced scleroderma in a patient with nonsmall cell lung cancer
Anamika Kunnumpurath and Vesna Gjorgjievska-Mars
- BI32** A case of pembrolizumab-induced psoriasiform rash treated with risankizumab
Vani Agarwal, Georgie Chamberlain, Laksha Bala and Noha El Shimy
- BI33** A case of disseminated herpes zoster in a patient on abrocitinib
Brent Doolan, Sarah Drummond, Andrew Pink, Catherine Smith and Elaine Agius
- BI34** Lung toxicity with methotrexate: fact or fiction?
Adam Gold and Paul D. Yesudian
- BI35** A 12-month history of a progressive rash on a background of significant long-term immunosuppression
Abitha Illango and Philip Laws
- BI36** An infiltrative subcutaneous mass presenting as the first sign of relapse in a patient with T prolymphocytic leukaemia
Li Jie Helena Yoo, Nicola Kearney, John Quinn and Siona Ni Raghallaigh
- BI37** Efficacy of psoralen plus ultraviolet A therapy for the treatment of chronic cutaneous graft-versus-host disease: a retrospective study analysis from a tertiary care centre
Monal Sadhwani and Vinay Kulkarni
- BI38** A rare case of acquired epidermodysplasia verruciformis
Lisa Murphy, Niamh Leonard and Susan O’Gorman
- BI39** Oncological therapies and hair disorders: a narrative approach on permanent chemotherapy-induced alopecia. A literature review of cancer-related therapies and their associated hair and scalp disorders
Rui Goncalves, Nuala O’Donoghue, Matthew Harries and Leila Asfour
- BI40** A common conclusion to an uncommon case
Bo Liu, Farishta Khan and Ava Lee
- BI41** Azacitadine-induced neutrophilic dermatosis
Jaimie Oldham and Portia Goldsmith
- BI42** Biologic agent patient screening and monitoring practices among Irish dermatologists, rheumatologists and gastroenterologists
Rory Barry and Richard Watchorn
- BI43** Sounds fishy: a case of *Mycobacterium marinum* infection secondary to infliximab infusion
Attam Khan and Dimple Jain
- BI44** Latent tuberculosis reactivation in a patient with chronic plaque psoriasis treated with ustekinumab with a review of the literature
Sylvia Amini, Fatma Hamed, Kate Johnason and Sarah Mahmoud

Date: Tuesday 2nd July
Time: 11:00-14:30
Room: Exchange Auditorium
Chairs: Dr Catherine Stefanato & Dr Luisa Motta

Programme

- 11:00 – 11:45** **Joint BAD/BSD Neil Smith Lecture**
Melanonychia and Nail melanoma
Prof Eckart Haneke
- 11:45 – 11:54** DP01 A single-centre cross-sectional observational study on dermoscopy of genital mucosal disorders and histopathological correlation in a tertiary care centre
Shreya K and Dinesh Asati
- 11:54 – 12:03** DP02 Expression of AMBRA1 and loricrin in the epidermis overlying benign cutaneous naevi, including blue and dysplastic naevi, is similar to that seen in normal skin, but expression may rarely be altered in melanoma in *situ*
Akhtar Husain, Penny Lovat, Grant Richardson, Thomas Ness, Claire Jones, Catherine Graham, Marie Labus and Philip Sloan
- 12:03 – 12:12** DP03 Melanoma detection in whole-slide images using a convolutional neural network for objective prognostic biomarker generation
Emily Clarke, Derek Magee, Julia Newton-Bishop, William Merchant, Marlous Hall, Robert Insall, Nigel Maher, Richard Scolyer, Grace Farnworth, Anisah Ali, Gerald Saldanha, Mark Bamford, Eva Sitcova, Petr Kujal, Sally O'Shea and Darren Treanor
- 12:12 – 12:21** DP04 Follicular and cutaneous keratotic spicules along with naevoid hyperkeratosis of the nipple and areola: a window to diagnose multiple myeloma
Priyanka and Biswanath Behera
- 12:21 – 13:15** Lunch Exhibition Hall
- 13:15 – 13:24** DP05 Squamoid eccrine ductal carcinomas: challenges in diagnosis and management
(P061) **Amy Cunliffe, Somaia Elsheikh, Sunita Odedra and Sandeep Varma**
- 13:24 – 13:30** DP06 A descriptive, observational and cross-sectional study of clinicoepidemiological, dermoscopic and histopathological aspects of primary localized cutaneous amyloidosis and its effect on the quality of life of the patient
(P001) **Meghana Rane and Sunanda Mahajan**
- 13:30 – 13:36** DP07 Diagnostic implication of skin biopsy for a rare neurodegenerative disorder
Holly FitzGerald and Nima Mesbah Ardakani
- 13:36 – 13:42** DP08 Striking post COVID-19 aseptic pustular folliculitis, a follicular variant of acute generalized exanthematous pustulosis
Nikesh Patel, Natalie King-Stokes, Jonathan Carter and Richard Carr

- 13:42 – 13:48** DP09 Inflammatory vitiligo with raised borders: a rare case of pseudolymphoma (P002) mimicking hypopigmented mycosis fungoides
Maged Daruish, Cecilia Grossmith and Saleem Taibjee
- 13:48 – 13:54** DP10 Scalp disease in dermatomyositis
Aveen Connolly, Marianna Philippidou, Patrick Gordon, Chris Wincup, Fiona Worsnop and Daniel Creamer
- 14:00 – 14:30** **Invited Talk**
Nail tumours
Prof Eckart Haneke

Posters

- DP11** Bright, eosinophilic intracytoplasmic inclusion bodies: a rare presentation of acquired epidermodysplasia verruciformis with widespread human papillomavirus infection in a transplant recipient
Chieun Han, Shakir Karim and Stephen Orpin
- DP12** Comparison of clinical, dermoscopic and histopathological characteristics of salt and pepper pigmentation in systemic sclerosis and vitiligo: a prospective controlled study
Parvathy Viswan and Biswanath Behera
- DP13** First case of distant metastases from a BAP1-inactivated melanocytoma with melanoma transformation
Jonathan Guckian, Bipin Mathew, Will Merchant, Andrew Muinonen-Martin, Angana Mitra and Hayley Smith
- DP14** ALK-positive histiocytosis with involvement confined to the skin: report of two cases in adults
Su Xin Lim, Sarajeni Pugalenty, Niall Wilson, Cristina Vasile, Arti Bakshi and Stuart Cohen
- DP15** A rare immunobullous diagnosis in a varicella zoster-naive patient
Kirsty Smith, Christopher Phillips, Sabrina Khan, Nicholas McEntyre and Antonia Lloyd-Lavery
- DP16** Nicolau syndrome (embolia cutis medicamentosa) due to glatiramer acetate (Copaxone) injection: a case report
Sadaf Mukhtar, Sahrish Rashid and Rand Hawari
- DP17** Alveolar soft part sarcoma: a not-so-common entity
Chia-Lun Li and Chen-Yi Wu
- DP18** The histopathological diagnosis of primary, invasive, metastatic, extramammary Paget disease
James Waddell, Rakhee Gupta, ZiVo Chang, Freida Shaffrali and Helen Dilworth
- DP19** Intraepithelial metastatic melanoma mimicking gastric signet ring adenocarcinoma in *situ*
Jo Yve Wong, Jonathan Carless, Kristofer Holte, Joe Houghton and Paul Kelly
- DP20** A case series identifying the clinical and histopathological characteristics of amelanotic melanoma
Aroon Sohail and Svetlana Kavaklieva
- DP21** A clinicohistopathological review of cases diagnosed histologically as sarcoidal tissue reaction: a retrospective descriptive study
Akash Deep Chandra, Sujay Khandpur, M Ramam, Neetu Bhari, Vishal Gupta and Shipra Agarwal

Dermatology Education

Date: Tuesday 2nd July

Yasmin Nikookam, Emma Amofo and Bernard Ho
- 11:58 – 12:10 BT05 Comparing the number-needed-to-biopsy ratio for melanoma diagnosis between teledermatology, an artificial intelligence device with teledermatology, and face-to-face models of care
Radhika Bali, Jenny Chung, Lucy Thomas, Khawar Hussain and Louise Fearfield
- 12:10 – 12:22 BT06 (P034) Using artificial intelligence to bridge the technical gap in dermatology: the role of large language models in creating an interactive Fitzpatrick skin phototype assessment
Mohamad Zeina, Bassam Zeina and Parashkev Nachev
- 12:22 – 12:34 BT07 Developing a clinical audit methodology for monitoring dermatologist performance in artificial intelligence-enabled teledermatology pathways
Joshua Luck, Audrey Menezes, Dilraj Kalsi, Dan Mullarkey and Niall Wilson

12:34 – 12:42 Discussion time

12:42 – 14:00 Lunch Exhibition Hall

Teledermatology outcomes

- 14:00 – 14:12 BT08 Outcomes of urgent suspected cancer, urgent and routine skin lesion referrals assessed via teledermoscopy service
Sirag Elaribi and Ausama Atwan
- 14:12 – 14:24 BT09 Multicentre prospective clinical performance analysis of an artificial intelligence as a medical device deployed within urgent suspected skin cancer pathways
Felix Brewer, Jonathan Kentley, Dilraj Kalsi, Dan Mullarkey and Lucy Thomas
- 14:24 – 14:36 BT10 Community lesion imaging clinics for tele-triage of suspected skin cancer: (P025) implementation of a low-cost model in an NHS trust
Hannah Morgan, Huw Greenish, Hafsa Faarax Shirwac, Colin Fleming and Alexander D.G. Anderson
- 14:36 – 14:48 BT11 **Artificial intelligence and ethnically diverse skin: potential, pitfalls and a model for reducing risk**
Lucas Lamche and Jessie Felton
- 14:48 – 15:00 BT12 **Great expectations: implementing artificial intelligence software into a regional skin cancer teledermatology service**
Philippa Walker-Smith, Anne-Marie Christie, Annabel Scott and Arani Chandrakumar
- 15:00 – 15:12 BT13 The importance of clinical metadata when triaging patients for face-to-face (P028) assessment and possible biopsy in a teledermatology pathway
Shafiqul Islam, Joe Walls, Per Hall, Haider Raza, John Gan, Alba Garcia and Gordon Wishart
- 15:12 – 15:24 BT14 Teledermatology from the other side: a clinical photographers' perspective (P026) **Aarthy Uthayakumar, Tamara Searle and Noha Elshimy**
- 15:24 – 15:32 Discussion time

Posters

- BT15 Ethical implications of artificial intelligence in dermatology: use-case analysis of skin cancer diagnostic smartphone apps
Fazal Shah, Daniel Arecco, Heather Draper and Rubeta Martin
- BT16 Abstract withdrawn
- BT17 Dermatology advice and guidance: a service evaluation
Kugili Sathanantham, Sian Hickey and Judith Ellison
- BT18 Is a mole-mapping device for patients with multiple and/or atypical naevi superior to standard photography in a National Health Service pigmented lesion clinic?
Sundip Kaur Hira, Abbey Smith, Mark Hinchcliffe, Vanessa Heir, Angana Mitra Hayley Smith and Andrew J. Muinonen-Martin

- BT19** The rising dermatology advice and guidance pandemic: building a workforce group with nationally implantable solutions that led to significant improvements over a 10-week period
Charankumal Singh Thandi, Jake Moss and Margaret Andrews
- BT20** Comparison of colour accuracy of a DSLR camera and mobile phone cameras used for dermoscopy images: a pilot study
Daryl Teo, Aparna Potluru and Kazeem Salako
- BT21** Teledermatology pathway performance for detection of all skin cancer categories
Joseph Walls, Per Hall, Louise Mills, Claire Kilford and Gordon Wishart
- BT22** Online dermatological surveys: are your participants who you think they are?
Natalie King Stokes, Sarah McCusker, Aoife Daly, Manrup Hunjan, Ashima Lowe, Carolyn Charman, Susannah George, Lea Solman and Esther Burden-Teh
- BT23** Artificial intelligence generation of patient information leaflets can have a useful role in the dermatology clinic
Callum Verran, Michael Ardern-Jones and Ella Seccombe
- BT24** Pseudonymization for artificial intelligence skin lesion datasets: a real-world feasibility study
Trisha J.M. Chin, Gillian X.M. Chin, James Sutherland, Andrew Coon, Colin Morton and Colin Fleming
- BT25** Successfully utilizing a novel teledermatology pathway in a suspected skin cancer clinic: improving patient experience and reducing time from referral to assessment
Sophie Holloran, Catarina Quaresma, James Roberts, Dheeksha Ponpandian, Yousef Kordi, Emily Ko, Helen Whitley and Jolita Zakaraite
- BT26** Apps and web-based tools to use in dermatology practice
Krishna Thazhatheyil and Andrew Affleck
- BT27** How reliable is teledermatology in diagnosing skin cancer? A retrospective analysis of skin cancer outcomes from a single centre
Emily Moon, Anna Elkins, Jo Johnson, Maria Ahmad and Chenjing Peng
- BT28** Analysis of a single practitioner's teledermatology processing decisions in an established teledermatology service over a 12-month period
William Tuckwell, Sarah Winter and Richard Motley
- BT29** Modelling the cost-effectiveness of an artificial intelligence as a medical device
Zhivko Zhelev, David Puttergill, Dilraj Kalsi, Dan Mullarkey and Christopher Hyde
- BT30** Artificial intelligence triage is of greater benefit for screening suspected melanoma referrals than squamous cell carcinoma referrals
Nor Ismail, Maryam Barfei, Hannah McLaughlin and Elizabeth Jane Roberts
- BT31** The dermatology department without walls: how teledermatology unmasks unmet need in coastal 'deserts of provision'
Roopa Farooki and Saul Halpern
- BT32** Teledermatology service evaluation compared with standard face-to-face review for 2-week-wait skin cancer referrals
Niamh Byrne, Charlotte Wong and Andre Khoo

GRASS-UK AT THE BAD ANNUAL MEETING

4 JULY - meet the team!
At our exhibition stand: **PSG5**
At the BHNS SIG Meeting, for an oral presentation about the study!

ABOUT GRASS-UK

The Global Registry of Alopecia areata disease Severity and treatment Safety - United Kingdom (GRASS-UK) is a prospective disease Register designed to study the safety and effectiveness of alopecia areata (AA) treatments in the NHS. The project has been set-up to coincide with the rapidly changing treatment landscape for alopecia areata, identifying the need to capture long-term safety and effectiveness of these therapies to currently available treatment options.

Dermatology Training

The Essentials

The fundamentals of professional development, clinical practice, general dermatology, therapeutics and procedural dermatology, and specialist areas of dermatology relevant to all trainees and healthcare professionals are addressed in 29 reader-friendly chapters.

Developed by the British Association of Dermatologists and British College of Dermatology, this accessible textbook covers all key themes outlined in the 2021 Joint Royal Colleges of Physicians Training Board (JRCPTB) curriculum.

ISBN: 978-1-119-71570-2 | January 2022

464 pages / £54.99 / \$74.95 / €62.20

Use code: **BAD25** for 25% off when ordering from [Wiley.com](https://www.wiley.com)

Provides detailed descriptions of the key themes and targets

Features over 500 images, diagrams and tables of disease presentations in various skin types, and highlights relevant issues relating to skin diversity

Contains over 70 Specialty Certificate Exam (SCE) questions

Aligns with the new Capabilities in Practice (CiPs) assessment tool which evaluates the trainee's ability to deliver and perform in the workplace

"This book is an effective and easy-to-use resource, supporting trainees and trainers with the 2021 GMC dermatology curriculum." Dr Giles Dunnill, Chair of the Dermatology SCE Exam Board and President of the BSMD

"This is such a good book for anyone applying for/undertaking dermatology training. It addresses all the areas that you can't usually find in textbooks...I honestly can't recommend it enough!" Alexandra Phillips CMT2 Trainee

Going Green in Manchester at #BAD2024....

Environmental sustainability is central to the planning of our conference and exhibition this year and we are working hard to improve this. We will not get everything right and are not perfect, but we are looking to build sustainable elements into the delivery of this event. Please see below some of the initiatives that we propose to continue in 2024.

Meet Meat Free

Meat production accounts for nearly 60% of all greenhouse gases. We witnessed in 2019 at the BAD annual meeting that a significant number of delegates choosing vegetarian lunches, as a healthy choice rather than without necessarily identifying as a vegetarian. The BAD Conference & Event Committee has decided that **50% of all the lunches served at the BAD Annual Meeting will be Meat Free**. We will still cater for dietary requirements (so please indicate on your registration form).

Minimise Printed Materials

Digital alternatives will be offered to avoid using paper. Delegates should use the conference App and the e-programme will be available on the BAD Annual Meeting website.

The BJD Abstract supplement will be online only.

There will be a small, printed overview guide to help navigate the exhibition and to locate sessions on a daily basis.

Are you a Green Leaf Delegate?

Delegates are asked to show their green credentials in attending the meeting during the registration process. Green Leaves will be added to delegates badges.

Think Green – Reduce, Reuse, Recycle

We are asking all delegates and exhibitors to also be guided by this approach when planning their attendance at the conference this

year, for example through their travel planning, stand designs and careful use of the recycling options that will be in place for different types of waste. Every step of the way: **Reduce, Reuse, Recycle**

Bag, Bottle, Pen & Pad

All attendees are encouraged to bring their own bag, bottle, pen and pad. We will have a small supply at the registration desk if needed.

For further details on the BAD Going Green initiatives please visit: badannualmeeting.co.uk/meeting-information/going-green

Poster Walks

We are delighted to continue at the Manchester Annual Meeting the interactive eposter walks. These expertly lead educational strolls through selected posters will be based broadly on several different themes and feature discussions on the key findings of the papers presented. Please gather by the eposter area within Central 5-7 opposite the registration desk at the appropriate time.

Here are the walk leaders, themes and the selected eposters will be confirmed shortly.

The British Skin Foundation has seen an **increase in enquiries from the public** looking for private dermatologists. We have responded by signposting these patients, through the use of an **interactive map, to dermatologist-led clinics** which support our charitable values.

Those donating* to our cause will be recognised on the interactive map for supporting BSF research. Together, we hope to improve patient outcomes for years to come.

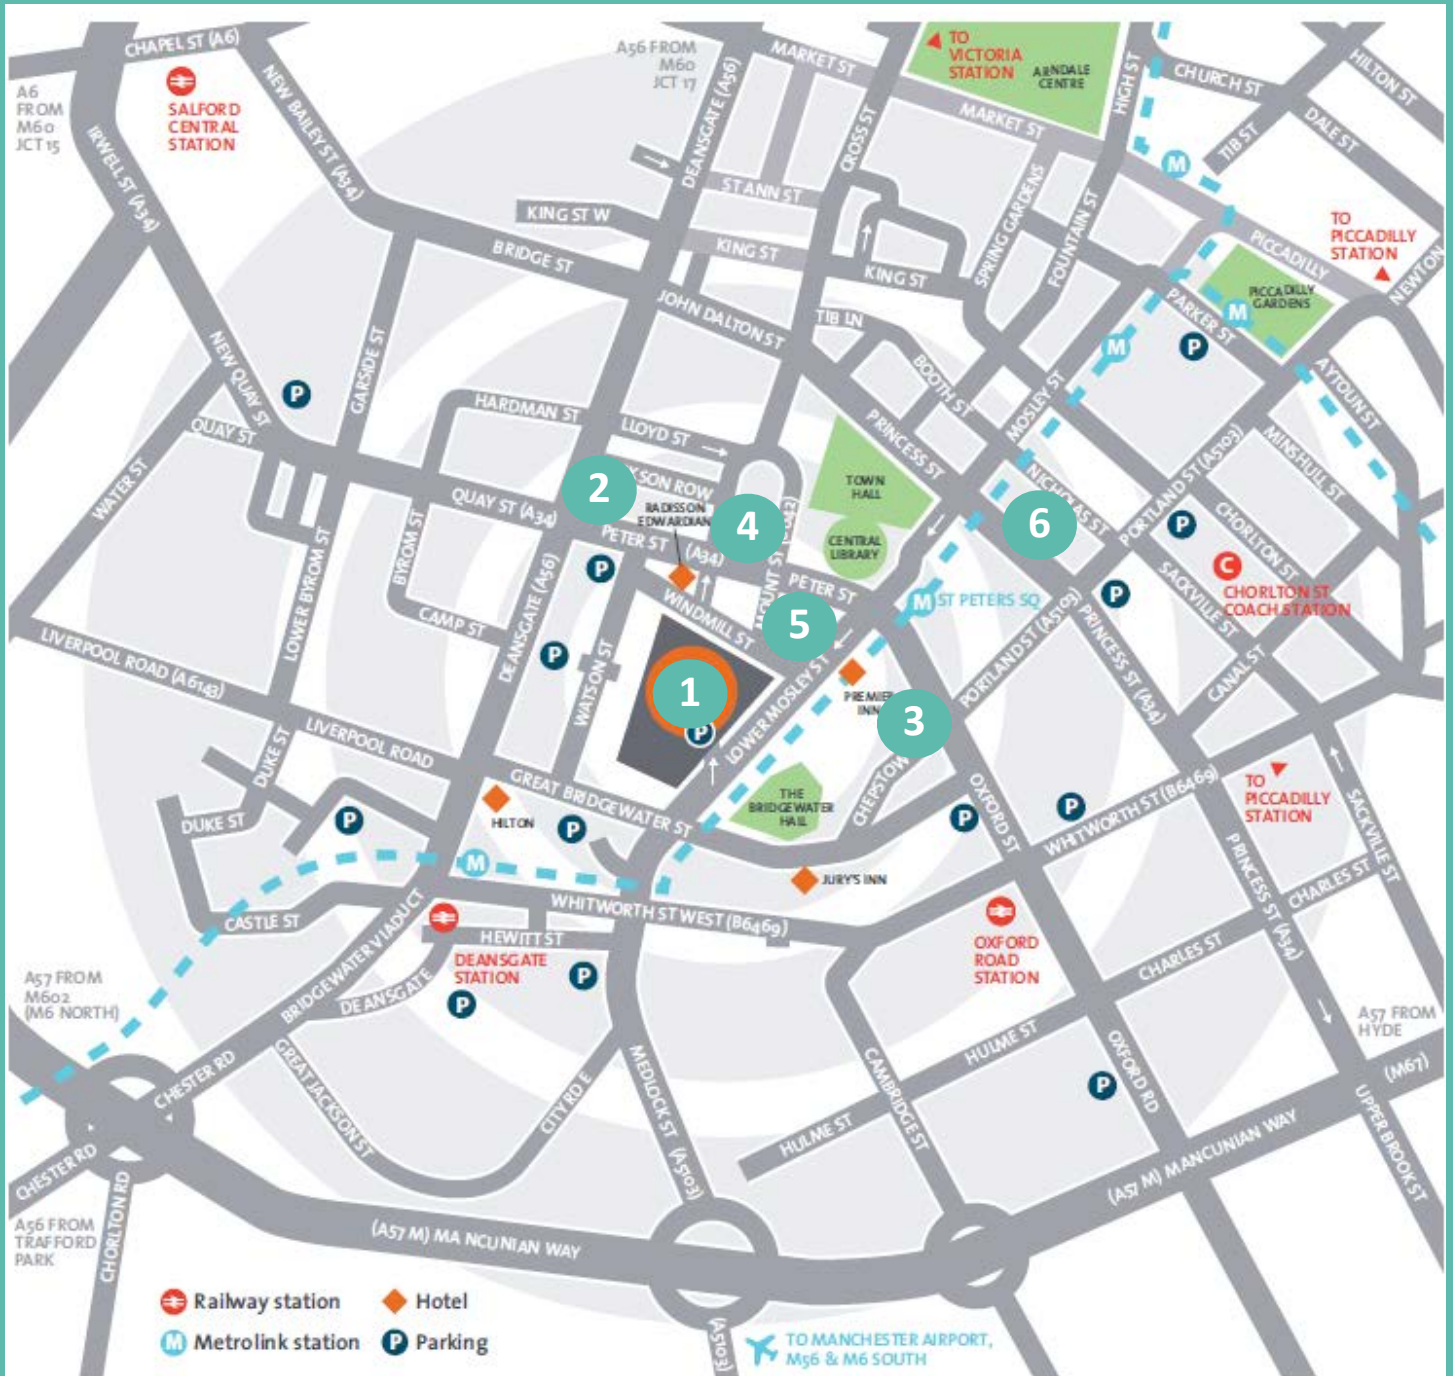

As a first point of call, the BSF always advises the public to speak to their GP to determine if they can be referred to a dermatologist on the NHS. Increasingly, we find that people want the option of seeking a private consultant, and we aim to ensure they can connect with relevant trustworthy professionals.

*Suggested donation of £500 annually.

To make a donation and feature on our map, please contact lisa@britishskinfoundation.org.uk.
